

**AIA/CES Registered Provider
Program Summary**

Provider Name: Balco, Inc.

Program Title: Fundamentals of Photoluminescent Egress System Products

Course Number: DL0401

Length: 1 hour

Credit: 1 CEU

HSW: Yes

Course Description

An overview of the fundamentals of photoluminescent egress system products including terminology, designs, and applications.

Learning Objectives

At the conclusion of this program, participants will be able to:

- Understand the History of photoluminescence;
- Understand the Building Codes for photoluminescence;
- Define the performance of photoluminescence;
- Be able to identify components of an egress system.

Method of Delivery

The CES facilitator utilizes a PowerPoint or slide presentation to introduce the audience to the fundamentals of photoluminescent egress system products, giving them a general knowledge of the subject. Participants receive a reference sheet as a handout. Course credit will be submitted to AIA for continuing education credit.

Cost to Participants

N/A
